**REPORTS OF THE BARRINGTON FIRE DEPT.**

The reports of the Barrington Fire Department show 17 calls for the year. These consisted of 2 dump, 4 chimney, 1 truck, 2 house fires of which one was a complete loss, 3 brush and 5 out of town calls to adjoining towns.

New equipment added consisted of a Harodike tank, 3 gas masks, a portable generator and the placing in operation of the base radio station (K C E No. 345), with remote control from the Chiefs house.

We also joined the Mutual Aid set up.

The Fire Department appreciates your continued support and will make every attempt to justify your faith in us.

SUMNER A. HAYES

Fire Chief & Fire Warden

**BE A GOOD CITIZEN — COOPERATE**

Smoking and debris burning caused more than 50 percent of the forest fires occurring in the state of New Hampshire in 1955 — 235 fires out of a total of 463 originated from these two sources. Lighted smoking material and matches thrown from moving vehicles along the highway or dropped by fishermen, hunters, hikers, berry and flower pickers accounted for 26 percent; debris burning in the wrong place or at the wrong time by those who failed to heed all pleas for safety or refused to recognize the logical, sensible rules and regulations set up under legislative authority governing the use of fire in or near woodlands accounted for more than 24 percent. This is inexcusable.

But what of the smokers? Despite all the efforts of those officially charged with the responsibility of preventing fires, too many were careless or thoughtless in disposing of smoking material and matches. Why?

It is difficult to say. Autos are now equipped with ash trays. Why not use them. The crushing out of a cigar, cigarette and the complete extinguishment of matches before being discarded is an easy chore.

If the costly habits of the careless and indifferent smoker and debris burner could be overcome, more than half of our annual forest fires would be eliminated. WILL YOU do YOUR share to bring this about?

### REMEMBER

1. Get a written permit from your local warden before starting your debris burning or camp fire. The law requires it.
2. Make certain they are dead out before leaving them.
3. Become a safe smoker by extinguishing smoking material and matches before discarding them.

# REPORT OF SUPERINTENDENT OF SCHOOLS To the School Board and Citizens of Barrington:

The people of Barrington should take great pride in the facilities which they are providing to the elementary pupils in the Barrington School. You have in Barrington one of the best Bus systems in the State of New Hampshire. However, a school system is only as good as the teaching personnel which you provide and it is hoped that Barrington will continue to staff its school with better than average teachers in spite of the current teacher shortage and the keen competition which faces administrators in procuring teacher personnel.

The September enrollment was as follows:

Grade	Teacher	No. of Pupils
I	Miss Helen M. Watson	30
II	Miss Constance C. Crosby	23
III	Mrs. Marguerite Critchett	28
IV	Mrs. Constance Brant	19
V	Mrs. Constance Brant	8
V	Mrs. Dorothy Fernald	9
VI	Mrs. Dorothy Fernald	19
VII	Mrs. Hazel Wasson	29
VIII	Mr. Robert T. Andrews, Principal	14
Total		179

Barrington district tuition pupils attend high schools as follows:

School Grades	IX	X	XI	XII	Total
Dover High School	13	9	7	6	35
Spaulding High, Rochester	3	7	5	7	22
Austin-Cate Academy, Center Strafford		1			1
Coe-Brown Northwood Academy Northwood Center, N.H.				1	1
Total					59

The following replacements were made this year: Mrs. Constance Brant for Mrs. Drina Blanchette; Mrs. Dorothy Fernald for Mrs. Beulah Larow; and Mr. Robert Andrews for Mr. Carroll E. Mathews, as prin-

cipal. It is regretable that after a good start, Mr. Andrews has been unable to perform his duties until March 1st. because of illness. Mrs. Burt Cooper and Miss Smith have done the substituting. Miss Constance C. Crosby was elected by the staff as temporary principal during Mr. Andrews' absence.

A physical education program was inaugurated this fall under the supervision of Mr. Andrews. Inter-school games of touch football between Barrington and Epsom were arranged.

At this writing, arrangement is being made to have some of the physical education students from the University of New Hampshire do their cadet training at the Barrington School on Tuesday and Thursday under the supervision of Barbara K. Newman, Associate Professor of Physical Education.

Mr. Jack George, after several meetings with the school board and the committee for recreation, has submitted plans for the auditorium which will provide recreation to the pupils as well as to the community.

A Christmas pageant under the supervision of Mr. Frederick Johnson, music supervisor, and the cooperation of the teachers was presented in December to a capacity audience and enjoyed by all.

The lunch program under the supervision of Mrs. Fred Timm and her associates continues to be one of the most popular activities of the school, as well as contributing to the health and welfare of the pupils.

Mr. Haley, the custodian of the building, has continued to keep the building sanitary and in good order, which makes it a desirable place to work and learn.

In conclusion, may I thank the School Board and other citizens of Barrington for their cordial cooperation ever since I became your superintendent of schools August 1, 1955.

Respectfully submitted,

RAMON MARTINEAU

Superintendent of Schools
